A AKREN
İPLİK SANAYİ VE TİCARET A.Ş.

Offering you quality and service

Founded in 1995, Akren Iplik is a manufacturer of 100% acrylic yarns, acrylic blended yarns (i.e. wool/acrylic, cotton/acrylic, viscose/acrylic, viscose/linen/polyamide etc.) as well as fancy yarns, serving fancy yarn makers, knitters, socks manufacturers, upholstery manufacturers and weavers. Between 1997 and 2001, production lines at Yenibosna factory in Istanbul have been renovated with state of the art equipment. In 2005 Akren's new factory in Velimeşe, Çorlu started production. With this new establishment, worsted yarn production capacity has reached 14 tons per day while chenille yarn and fancy yarn capacities have increased considerably. Beginning in June 2005, hank dyeing of yarn and by the end of 2005 package dyeing of yarn and raw material will follow course.

With the advantage of its new production lines, Akren aims to satisfy the customers who seek good quality as well as impeccable service. Thanks to the commitment of Akren's entrepreneurial managers, Akren takes prides in being a customer-oriented institution.

New trends and yarns

Akren yarns are used in knitting, weaving, upholstery, socks, fancy yarn making as well as in making of bathroom carpets and fancy yarns. Akren follows the developments in the industry and world fashion trends. Besides the classical yarns such as 100% Acrylic yarns and Acrylic/Wool blended yarns, Akren manufactures viscose/linen/polyamide blended yarns as well as yarns with knops, mélange yarns and 100% Acrylic Chenille yarns.

Akren proudly uses the acrylic raw material of renowned companies such as Aksa, Dralon, Fisipe, Montefibre, and Istanbul Elyaf and the wool from top quality suppliers of Australia and New Zealand origin.

Export

Since 1995 Akren has concentrated on export markets. Italy, Spain, USA, Argentina, Syria, Israel, Bulgaria, Russia, Czech Republic, Serbia and Montenegro, Greece, Jordan, and U.K are among the countries that Akren exports.

In addition, the local customers in Turkey use Akren's yarn for their quality products sold in Europe, North and South America, North Africa, Middle East, Russia and Far East. Akren aims to become the quality supplier throughout the world as it has been in Turkey.

For any kind of inquiry such as brochures, samples or more information about Akren, please contact us and one of our sales representatives will be delighted to assist you.
